

Hosting the New Library Web Site Information Sheet

Overview

As a cost saving measure, the Library has requested the IT Department to register and host the internet domain www.enfieldpubliclibrary.org. This new site is to be hosted and maintained on the secure web servers maintained by the Town of Enfield Information Technology Department. Previously, the library web site was known as www.enfield.lib.ct.us and was hosted by an external vendor.

Highlights

- The library's web site will be easily identified as www.enfieldpubliclibrary.org.
- The Town maintains the library's internet records and does not rely on an external source.
- The site is hosted on Town web servers.
- The site is secured so that only authorized users can publish information.
- Web publishing process is faster and more efficient
